

Dress For Change

ANNUAL COLLECTION FOR BRASS

Dress for Change is a program to promote and empower the women of Barren River Area Safe Space. BGJWC will be collecting business professional clothing and accessories. These items will be presented to BRASS in October in honor of Domestic Violence Awareness Month. This program allows

women to “shop” for new outfits to prepare for job interviews and professional employment. Designed to compliment the BRASS Economic Justice center, these women will learn job and financial literacy skills, and have access to business professional clothes.

Please consider donating clean, new or gently used, interview appropriate, professional clothes and accessories.

Use the following list as a guideline:
